New Forests 7: 371–372, 1993

Contents Volume 7 1993

Volume 7 No. 1

Articles

Rose, R., Gleason, J.F. and Atkinson, M.: Morphological and water-stress characteristics of three Douglas-fir stocktypes in relation to seedling performance under different soil moisture conditions 1

Long, A.J. and Carrier, B.D.: Effects of Douglas-fir 2 + 0 seedling morphology on field performance 19

O'Connell, A.M. and Grove, T.S.: Influence of nitrogen and phosphorus fertilizers on amount and nutrient content of litterfall in a regrowth eucalypt forest 33

Research notes

Rossi, P.: Survival and juvenile growth of *Populus* 'Rasumowskiana' cuttings from different stem and branch positions 49

Colombo, S.J. and Raitanen, E.M.: Frost hardening in first-year eastern larch (*Larix laricina*) container seedlings 55

Review paper

South, D.B.: Rationale for growing southern pine seedlings at low seedbed densities 63

Volume 7 No. 2

Saur, E.: Interactive effects of P-Cu fertilizers on growth and mineral nutrition of maritime pine 93

Newton, M., Cole, E.C. and White, D.E.: Tall planting stock for enhanced growth and domination of brush in the Douglas-fir region 107

Thomson, A.J. and El-Kassaby Y.A.: Interpretation of seed-germination parameters 123

Research notes

Haines, R.J., Walker, S.M. and Copley, T.R.: Morphology and rooting of shoots developing in response to decapitation and pruning of Caribbean pine 133

Dumroese, R.K., James, R.L. and Wenny, D.L.: *Fusarium* root infection of container-grown Douglas-fir: effect on survival and growth of outplanted seedlings and persistence of the pathogen 143

Review paper

Sutton, R.F.: Mounding site preparation: a review of European and North American experience 151

Volume 7 No. 3

Coates, K.D., Douglas, M.-J., Schwab, J.W. and Bergerud, W.A.: Grass and legume seeding on a scarified coastal alluvial site in northwestern British Columbia: response of native non-crop vegetation and planted Sitka spruce (*Picea sitchensis* (Bong.) Carr.) seedlings 193

Hodge, G.R. and White, T.L.: Advanced-generation wind pollinated seed orchard design 213

Dvorak, W.S., Lambeth, C.C. and Li, B.: Genetic and site effects on stem breakage in *Pinus tecunumanii* 237

Lövenstein, H.M. and Berliner, P.R.: Biometric relationships for non-destructive above ground biomass estimations in young plantations of *Acacia salicina* Lindl. and *Eucalyptus occidentalis* Endl. 255

Kytö, M.: The effect of late season damage on the apical bud development of Scots pine seedlings 275

Volume 7 No. 4

Mengel, D.L., Davey, C.B. and Cassel, D.K.: First-year survival and height-growth of red ceiba following various site preparation techniques on vertic soils in northern Colombia 287

Torbert, J.L. and Johnson, J.E.: Establishing American sycamore seedlings on land irrigated with paper mill sludge 305

St. Clair, J.B. and Adams, W.T.: Family composition of Douglas-fir nursery stock as influenced by seed characters, mortality, and culling practices 319

Czapowskyj, M.M.† and Safford, L.O.: Site preparation, fertilization, and 10-year yields of hybrid poplar on a clearcut forest site in eastern Maine, USA 331

Young, M.J., Johnson, J.E. and Thiel, D.A.: Effects of paper mill sludge and weed control on competing vegetation and growth of young red pine 345
